

WELLNESS PROTOCOLS

Please Read Before Proceeding to the Center

For the health and safety of the children and our staff, any child who is sick must be kept at home. We follow the guidelines of the American Academy of Pediatrics, CDC, and the National Center on Early Childhood Health & Wellness for Illness. We also follow all emergency and basic sanitary procedures. Please read each section below as you will be required to acknowledge on the sign-in sheet that you read the information and that it applies to your child today.

- He/she does not have a temperature above 99.7 (without medication). (They must be fever free, without medication, for a minimum of 48 hours.)

- He/she has not vomited within the last 24 hours. (No medication has been given within the last 24 hours to prevent vomiting.)

- He/she does not have chills or muscle pain.

- He/she does not have a headache.

- He/she does not have a sore throat.

- He/she is not congested and does not have a cough.

- He/she does not have shortness of breath or rapid breathing.

- He/she does not have fatigue.

- He/she does not have flushed cheeks.

- He/she has no recent loss of taste or smell.

- He/she has not had diarrhea within the last 24 hours.

- He/she has no symptoms of a communicable disease.

- He/she does not have an unexplained rash. (If they have a rash, we will need a doctor's note explaining said rash.)

- He/she has not recently had head lice or ringworm. (Must have a physician's clearance to return if they have.)

If your child becomes ill while at the daycare, or has a fever, is vomiting, etc., a parent or guardian will be contacted and will need to arrive within one hour at the latest.

We appreciate you abiding by these policies for the health and safety of all our families, children, and staff. Thank you!
